Hello, Champion Families,

Welcome to Jasper Elementary, home of the Champions, where it is resounded, “Every Child a Champion.” It is with great anticipation that we welcome the 2023-2024 school year. I am excited to open the doors to a journey filled with opportunities, excitement and growth.

Jasper Elementary is a very special place that has a committed staff that works together collaboratively to support students. We take great pride in ensuring the success of all students through the setting of goals. Academic, behavioral, and social emotional growth is the goal each and every day. This is the mindset that allows for the learners of today to become the leaders of tomorrow.

Our school to home partnership is greatly valued and appreciated. There are many opportunities to connect with Jasper. Regular communication with the classroom teacher is highly beneficial for student achievement. I encourage you to be on the lookout for opportunities to volunteer in the classroom. Joining the PTA and attending our school events is another great way to stay connected. We also have an open invitation to celebrate students at our weekly Champion assemblies.

It is an honor and a privilege to watch our Champions grow each year and I look forward to partnering with you to make this a year to remember.

Our purple pride can't be denied!

Mr. Curtis Quanstrom  
Principal
