

School Zone Safety is Everyone's Responsibility

The City of Rancho Cucamonga and the Rancho Cucamonga Police Department want to help you make it safer for your children to get to and from school. The Safe Routes to School Program encourages children to walk or bike, however, we realize this is not always possible. We understand the rush to drop off your kids and that traffic operations in school zones can be both frustrating and challenging in those last 15 minutes before the bell rings. Safety means not yielding to temptation to cut corners, but instead following all speed limits, parking regulations, and traffic laws.

We've listed the rules inside, but here are some quick tips:

- When driving, yield the right-of-way to pedestrians and other vehicles at crosswalks and intersections.
- Use the drop off zone to unload your children if there is one.
- Don't let your children off in traffic lanes and don't let them walk between parked vehicles.
- Do not leave your vehicle except to help your children open the door and exit.
- If you want to escort your child to the school gate, find a legal parking place close to the school and walk with your child.
- Don't cross in the middle of the street. Walk to the nearest safe intersection and follow the instructions of the crossing guard.

Remember—You are the SAFE in Safe Routes to School.
