welcome

Welcome to sixth grade! What an amazing journey we get to embark on together! You will not believe how much your child will grow this year. We have so much planned and I can't wait to get to know you and your family.

a little about me

This year marks my 11th year in education. I have taught fifth, sixth, and seventh grade. I finished my undergraduate work at Cal-State San Bernardino and earned my Master's Degree in Education at Chapman University.

My husband and I have been married for 22 years. We have two beautiful daughters, Isabella and Victoria who keep us busier than ever. We love to travel together, watch baseball (Go Giants), and football as well (Go 49ers).
