Superintendent

March 12, 2020

Dear Alta Loma School District Families:

To help limit the possible spread of the 2019 Novel Coronavirus COVID-19, the Alta Loma School District will postpone upcoming events, including open houses, award assemblies, GATE Spelling Bee, and other large gatherings until further notice.

While there are zero reported cases of COVID-19 in San Bernardino County, we feel it is best to exercise caution as we navigate through this time of heightened anxiety and uncertainty. Our decision to promote social distancing follows guidance provided by the California Department of Education, California Department of Public Health, and local public health experts. We will announce the resumption of school events and activities based on circumstances as they develop.

As conditions change, timely, relevant information will be disseminated to staff, families, and students via email, text, our websites, and social media.

There are simple everyday preventive actions to reduce the spread of respiratory viruses. These include washing hands with soap and water for at least twenty seconds, coughing into sleeve/tissue, staying home if sick, and getting a flu shot. If your child is sick, please contact your healthcare provider.

Up-to-date information about Alta Loma School District can be found at our website <https://www.alsd.k12.ca.us/>. Additional information about the 2019 Novel Coronavirus COVID-19 can be found at <https://www.sbcss.k12.ca.us/index.php/superintendent/communications/covid-19-information>.

The Alta Loma School District will continue to provide an outstanding education to our students during this challenging time.

Sincerely,

Steve Thomas
Associate Superintendent, Administrative Services
