Principal's Message

I'd like to welcome you to Deer Canyon's Annual School Accountability Report Card. In accordance with Proposition 98, every school in California is required to issue an annual School Accountability Report Card that fulfills state and federal disclosure requirements. Parents will find valuable information about our academic achievement, professional staff, curricular programs, instructional materials, and much more.

Deer Canyon School is focused on providing all students with the opportunity to achieve both academically and socially. We accommodate individual learning styles while maintaining high, attainable expectations for all students. Staff and parents work together to create a learning environment that promotes academic and social development, teaches responsibility and pride, and models lifelong learning. We are excited about our school and welcome all to join in our efforts to create successful responsible citizens.

Mission Statement

Deer Canyon Elementary is a place where all students learn. We seek to stimulate a school community, which involves all students, parents and staff to actively contribute to the development of our school environment. In this environment, all children are valued and will gain a solid foundation in the skills necessary to enrich their lives, now and in the future. Teachers collaborate to present core subjects of mathematics, reading and language arts, science and social studies, which are enriched by fine arts, computer literacy and physical education. Deer Canyon Elementary takes active measures to ensure that all students learn and play in a safe environment.

Parents and community play a very important role in the school. Understanding the school's educational program, student achievement and curriculum development can assist both school and community in ongoing program improvement. We have made a commitment to provide the best educational program for our students. Through our hard work together, our students will be challenged to reach their maximum potential.

School Profile

Deer Canyon Elementary School is located in the central region of Alta Loma and serves students in grades kindergarten through six following a traditional calendar. At the beginning of the 2016-17 school year, 618 students were enrolled, including 7.9% in special education, 5.3% qualifying for English Language Learner support, and 42.9% qualifying for free or reduced price lunch.

Physical Fitness

In the spring of each year, Deer Canyon Elementary School is required by the state to administer a physical fitness test to all students in grade five. The physical fitness test measures each student's ability to complete fitness tasks in six major areas. Students who either meet or exceed the standards in all six fitness areas are considered to be in the "healthy fitness zone." The chart reported in this document reports only the percentage in each category, not a cumulative total of the results for categories 4 of 6 and 5 of 6. Comparative district and state results can be found at the CDE's website.

Physical Fitness Test Percentage of Students Meeting California Fitness Standards 2016-17			
Grade Tested	Number of Standards Met:		
	Four of Six	Five of Six	Six of Six
Fifth	18.1	22.3	28.7

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Federal Intervention Program

The passage of the Every Student Succeeds Act (ESSA), reauthorizing the Elementary and Secondary Education Act (ESEA) in December 2015, is part of the Federal Title I funding program designed to support additional staffing and programs to meet the needs of low-income, low achieving students, and other designated students with special needs. Schools may apply, based upon their student demographics, for one of two types of Title I funding: Title I Schoolwide or Title I Targeted Assistance. Title I Schoolwide schools use federal funds for schoolwide improvement of student achievement. Title I Targeted Assistance schools use federal funds to help those students who meet specific program criteria. In 2016-17, Deer Canyon Elementary School qualified for Title I Targeted Assistance funding and is subject to comply with Title I program requirements.

Any school receiving Title I funds is required to comply with respective program testing and reporting activities, achieve specific levels of student proficiency, and monitor school progress towards meeting established goals. Most of the new provisions under ESSA do not take effect until the 2017-18 school year making 2016-17 a transition year. More information about Title I and Program Improvement can be located on the CDE's website www.cde.ca.gov/ta/ac/ti/.

California Assessment of Student Performance and Progress

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the

administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

Conditions of Learning (Basic Services) – State Priority 1: Degree to which teachers are appropriately assigned and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials and school facilities are maintained in good repair. Covered in Teacher Assignment, including the Teacher Credentials & Misassignments chart; Instructional Materials, including the Textbooks chart; and School Facilities & Maintenance, including the Campus Description and School Facility Good Repair Status charts.

Conditions of Learning (Implementation of State Standards) – State Priority 2: Implementation of academic content and performance standards adopted by the state board for all pupils. Not covered in the School Accountability Report Card.

Parental Involvement – State Priority 3: Efforts to seek parent input in decision making, promotion of parent participation in programs for unduplicated pupils and special need subgroups. Covered in Parent Involvement.

Pupil Achievement – State Priority 4: Performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with a 3 or higher, and share of pupils determined prepared for college by the Early Assessment Program. Covered in California Assessment of Student Performance and Progress, including the CAASPP charts.

Engagement (Pupil Engagement) – State Priority 5: School attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, and high school graduation rates. Covered in Dropout Rates, including the Dropout chart; and Graduation Rates, including the Graduation Rate chart for high schools only.

School Climate – State Priority 6: Pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, and parents and teachers on the sense of safety and school connectedness. Covered in Discipline & Climate for Learning, including Suspension & Expulsion chart; and School Site Safety Plan.

Conditions of Learning (Course Access) – State Priority 7: Pupil enrollment in a broad course of study that includes all of the subject areas. Not covered in the School Accountability Report Card.

Other Pupil Outcomes – State Priority 8: Pupil outcomes in the subject areas. Covered in Physical Fitness, including the Physical Fitness Test chart.

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events. Parents stay informed on upcoming events and school activities through automated telephone messages, flyers, the school marquee, school newsletters, the school website, and PTA newsletters. Contact the school office at (909) 484-5030 for more information on how to become involved in your child's learning environment.

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Deer Canyon Elementary School's original facilities were built in 1982; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

- Repairs to portable ramp
- Completion of drinking fountain in office
- Repairs to asphalt behind portables

2017-18 Planned Improvements / Improvements in Process:

- Repainting of school building graphics and logos
- Installation of Salto locking system (bond project)

Every morning before school begins, custodian inspect facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and two evening custodians are assigned to Deer Canyon Elementary School. The day custodian is responsible for:

- Cafeteria setup/cleanup
- Groundskeeping
- Office area cleaning
- Restroom cleaning
- Event setup/cleanup

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning
- Event setup/cleanup

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Facilities Inspection

The district's maintenance department inspects Deer Canyon Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Deer Canyon Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Thursday, June 08, 2017. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2017-18, all restrooms were fully functional and available for student use at the time of the inspection.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, administrators and teachers are strategically assigned to designated entrance areas, the breakfast area and playground. During recess, administrators and proctors supervise playground activity. Administrators and proctors monitor lunch time activity in

the cafeteria and on the playground. At the end of the day when students are dismissed, administrators, proctors, and teachers monitor student behavior to ensure a safe and orderly departure. Deer Canyon Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Deer Canyon Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed and updated by staff in Spring 2017. Staff responsibilities and safety plan updates were discussed with staff in August 2017.

Classroom Environment

Discipline & Climate for Learning

Deer Canyon Elementary School's discipline practices and behavior management strategies comply with approved board policies and are designed to create effective learning environments and minimize classroom disruptions. Progressive discipline and proactive measures are employed in the classroom for those students experiencing difficulty following school rules and demonstrating positive behavior. Disciplinary intervention is managed by school administrators in a fair, firm, and consistent manner based upon the nature of each situation.

Curriculum & Instruction

Staff Development

All training and curriculum development activities at Deer Canyon Elementary School revolve around the California State Standards. During the 2016-17 school year, Deer Canyon Elementary School held staff development training devoted to:

- Data Analysis
- Instructional Strategies
- Next Generation Science Standards (NGSS)
- Digital Library
- Interim Assessments
- CAASPP
- Planning Grade Levels
- Write from the Beginning (Ongoing Training)
- STEM Training
- New English Language Arts Adoption Training
- Academic Language Training
- Accelerated Reader Training
- Reteaching Strategies
- Illuminate Data and Assessment Training
- Framework and Standards
- Review of Common Core State Standards
- Pearson Math Training
- Positive Behavior Intervention & Support
- LCAP Training
- Technology Training
- Collaborative Classroom Environment

Decisions concerning selection of staff development activities are performed by the principal using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Deer Canyon Elementary School supports ongoing professional growth throughout the year during staff meetings. Teachers meet in grade level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2016-17 school year, Deer Canyon Elementary School's teachers attended the following events hosted by the Alta Loma School District:

- English Language Arts/English Language Development Adopted Materials
- Cultural Proficiency
- Positive Behavioral Intervention Support (PBIS)
- QUEST: Engaged Visible Learning
- 21st Century Skill Development
- Footsteps to Brilliance
- Technology Training
- Thinking Maps
- STEM (Science, Technology, Engineering, Math)
- Social Studies Adoption Training
- Document Based Questioning
- Next Generation Science Standards (NGSS)
- Write from the Beginning and Beyond
- Math Training

Deer Canyon Elementary School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Instructional Materials

All textbooks used in the core curriculum at Deer Canyon Elementary School are aligned to the California State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education.

On Wednesday, September 06, 2017, the Alta Loma School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution #09-06-17 (b) which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARC's the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2017-18 school year, Alta Loma School District did not offer visual/performing arts classes and therefore did not require the distribution of respective textbooks and instructional materials.

Professional Staff

Counseling & Support Staff

Deer Canyon Elementary School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Deer Canyon Elementary School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Counselors & Support Personnel (Nonteaching Professional Staff) 2016-17		
	No. of Staff	FTE
Academic Counselor	0	0
Library Clerk	1	0.4
Nurse	1	0.2
Nurse's Aide	1	0.4
Parent Volunteer Coordinator	1	0.4
Psychologist	1	0.2
Speech & Language Specialist	1	0.8

Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time.

Teacher Assignment

During the 2016-17 school year, Deer Canyon Elementary School had 26 teachers who met all credential requirements in accordance with state guidelines. The chart below identifies the number of teachers at both the school and district who are 1) fully credentialed; 2) without full credentials; 3) teaching outside subject area of competence; 4) misassignments for English learners; 5) total teacher misassignments; and 6) vacant teacher positions. The term "misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

District Expenditures

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state. (Note: 2015-16 salary comparison data was the most recent data available at the time this report was published.)

Teacher Salaries	38%	38%
Administrative Salaries	6%	5%

For detailed information on salaries, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Expenditures Per Student

For the 2015-16 school year, Alta Loma School District spent an average of \$8,661 of total general funds to educate each student (based on 2015-16 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)
